Course Overview

IHRM: C00259

Unlock your organization's potential with our "Performance Management for HR Professionals" training! This course equips you with the tools to align employee performance with strategic priorities, integrating Performance Objectives, Critical Success Factors, and Key Performance Indicators into a cohesive system. Learn from top industry leaders how to conduct effective performance reviews, implement merit-based rewards, and develop staff in line with business needs. Customize strategies for all performance levels and master SMART objectives to drive success. Join us to transform your performance management processes and lead your team to excellence.

Course Objectives

By the end of this program, participants will be able to;

- Discover the distinctions between Performance Appraisal & Performance Managements and understand how they complement each other.
- Discuss various appraisal methods to help us evaluate and provide feedback on performance effectively.
- Learn a systematic approach to writing performance and goals, ensuring they are specific, measurable, achievable, relevant, and time-bound (SMART).
- Explore valuable tips and best practices that will enhance our performance management skills and create a positive working environment.
- Gain an understanding of how KPIs can be used to measure performance and drive improvement.
- Delve into the common challenges faced during performance management and identify strategies to overcome them.
- Discover the potential sources of errors in the performance management process and learn how to minimize their impact.
- Learn a systematic approach to writing performance and goals, ensuring they are specific, measurable, achievable, relevant, and time-bound (SMART).
